

# Imagigraf

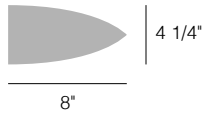

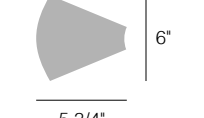

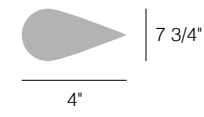

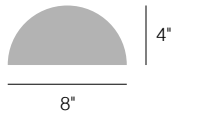

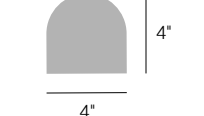

**Imagigraf** large magnetic play shapes are intended to stimulate the creativity and imagination of children of all ages. Used on large graphic surfaces or murals, children can freely rearrange the shapes to create their own whimsical garden, imaginary animals or even faces with funny expressions. There is no limit to their imagination!

The **Imagigraf** shapes are made of EVA foam, a non-toxic material that is often used with children's accessories and toys. The shapes are lightweight and easy to clean. The magnetic inserts were developed by Toboggan Design. They are meant to be used specifically on 20 gauge steel. More information about the play surface is available upon request.

# Imagigraf - Standard pack of 250 units
